Want to take your commercial to the next level with a warm, engaging personality? Allow me to introduce myself...

I'm Kathryn, your full-time voice talent. My natural speaking voice has been described as "husky", "velvety" and "professional", with a voice range from cool Millennial teenager, to a confident professional 30's.

A warm tone with crystal clear diction, I demystify complex topics through voice over, engage and inspire listeners in commercials.

Professional, inspiring, genuine voice over.

Working from my [home studio](#), the majority of my international work involves live directed sessions, using Source-Connect and Skype to provide a live feed of my recordings. Meaning I can communicate directly with you when recording, saving you time and money.

If you are UK-based, I can also record in a studio of your choosing if you would like to work face-to-face.

Expect studio-grade, fully-mastered audio with a friendly and genuine service.
